

Smoothstep™ Walker

Smoothstep™ has long been the choice of consumers who want a walking boot that combines quality, comfort and value. It gives users the experience of a surprisingly good walking boot at a competitive price.

Designed for support and comfort following trauma or post-operative procedure. Lightweight, sturdy design with anatomically shaped uprights that help to facilitate a better fit. Cushioned inner/ outer soles help to absorb shock upon heel strike. Lowers struts and a low heel height, as well as a wide foot bed helps provide comfort and a smooth step.
