

## HKO Hinged Knee Orthosis - Anterior Closure

- Designed to provide medial and lateral knee support and stabilization
- Wrap design with hook-and-loop anterior closure for easy application
- Perforated material with finished edges provides breathability and durability
- Removable aluminum-alloy dual-axis polycentric hinges with 180° stop
- Open patella reduces direct pressure on kneecap
- Open popliteal reduces heat, moisture, and bunching
- Condyle pads provide additional protection and reduce chafing
- Loop-and-lock thigh and calf straps prevent brace rotation and migration
- Available in 11" and 16" length
- Left or right application reduces inventory requirements
